

Sabbath

Sabbath is not just a day, it is even a year and it means Rest.

We are not commanded by God to simply worship Him one hour a week, we are commanded by Him to have our rest/breaks and while in them, to honor Him and keep that idle time Holy.

An idle mind is the devil's playground.

In truth, a Sabbath is to be a time of rest--as there is a time for everything under the sun (only good things will be left in the end and we should never choose sinful things, for that would make our time the mean time and not the Way Jesus Commands it to be).

When someone promises you a break for rest, it is to be honored.

rest, it is to be honored.

little jealous lucifer simply wants God's Children to not have their rest.

This does not mean we should be lovers of sleep nor self; it means we should use this time in ways which glorify God and ways that are in alignment with Christ-likeness--doing as Jesus Commands.

Obey Jesus.

Out of the abundance of my heart, I worship The Lord Jesus Christ, Our Savior, day and night. He Loves.

Honor the Sabbath and rest, but keep it Holy.

And do not rob God's Temple of His Word. Show and share the Word as Jesus commands and shows us from His perfect examples. Plead His blood; plead His case. Testify on His behalf and on

His case. Testify on His behalf and on behalf of those whom He loves.
